

## *All Tethered into One Fantastic Circle of Love*

*I am White Eagle.*

Let Life protect you and it will pursue itself. That may seem contradictory to you, nevertheless....

Life doesn't necessarily seem to flow in one direction, and yet, in a sense, it does. But in another sense, it explores all paths to liberation. The soul seeks its own ends. Higher vibration moves it steadily on.

If your life should split into twelve, do you think it would cover all possibilities it has imagined? Do you think every by-way would be explored, every mountain would be climbed, every river swum, every obstacle overcome? "Climb Every Mountain," so says the song. And so it is.

You see, it's not just the one of you climbing that mountain. **We are all climbing it together.** Once in awhile you slip, someone else pulls you up. Someone else slips, you pull them up. That's how it works and you are all tethered together so that no one is lost. Each makes progress together.

No one can fall and no one can rise above unless they cut the rope. **You are all tethered into one fantastic circle of Love.** If you cannot conceive that, then listen harder. Probe more deeply into your human soul. There you shall find the Divine Soul that sparks the Life in you. The life in you is not yours alone. It is the life of One and All, for you are inextricably bound with one another.

There is no *you* and *me, they* and *us*. There is only **all of us – all One together.** Every dream will be tethered together on that wonderful mountain you are climbing unto ever higher spheres.

You may say the souls are not all alike and yet **WE ARE ALL ONE!** And while we are seemingly diverse, yet we are all together – all on one gigantic journey to the heights.

The higher realms are whispering to your soul – "Come, lift yourself up." Acknowledge who you truly are. Walk in the hour that is now. Speak to the urgency of the occasion. Let everyone know – **WE ARE ALL ONE.** No matter how diverse we may be, no matter how differently we may aspire to lift ourselves into a higher heaven, we are all the same. **WE ARE ALL ONE** in our ultimate search for the Divine — that which moves in us, that which moves us, that which ultimately brings us back together to acknowledge our wholeness, *our Oneness*, the simplicity of pure love, the holiness of Divine sanction and sanctuary.

I am speaking softly within you. Divine feathers litter the air above you. Do you not see clearly **WE ARE ALL ONE?** No matter how high the mountain, no matter how hard you struggle, we are in this all together and together we shall thrive and come to an understanding, to the wisdom that is beyond your ken and yet is deep within you. There is nothing that you do not already know deep within your heart of hearts. Open, open the door to all that is and rise, rise up!

The life within you is sacred and all you offer has validity, yet **WE ARE ALL TOGETHER, ALL ONE,** on this journey to the top of the mountain. Open the door, my friends. The wider the door

is open, the easier it will be to climb to the higher side. Open the door. Walk through the door.

We are with you. We are at your side. Never forget all Love surrounds you, all earth rejoices in you and all heaven proclaims your mystery. BE WHO YOU ARE – fully and truly – and you shall know the joy of the vast heavens above and you shall truly remember who you are and **WE ARE ALL ONE**, wrapped in the glory of heavenly Love, of holistic healing, of timely ascension to that which we know as the *All*.

Walk on, dear ones. Keep the pace. Don't slip. We are always here to boost you up. Rise up with courage. The New Age is upon you. New Life proceeds before you. Grab hold of that and swing with the stars and shine! Shine for all you are worth, for you are a Light to one and all, a beacon of light summoning one and all – COME, COME, MY FRIENDS, WE ARE ALL ONE. Know the truth, see the truth and be the truth and know forever you are divine. Lead the life that you are and let that life lead you in all the ways and by-ways, for you **will** find your dream!

All is not lost. All is yours to discover. Look deep within your heart of hearts. Know the truth, be the truth, see the truth. It is there for you and for one and all, FOR WE ARE ALL ONE. Go softly. Step lightly. Let your heart be free. **WE ARE ALL ONE.**

*Bless you, my child, bless you. So be it.*

*I am White Eagle.*

*Dear ones, stay with me....*

*Bless you. Bless you.*

*Aum. Amen. So be it.*
