

## *Hasten to Rise to the Light within You*

*I am White Eagle.*

Humanity has a choice. And its choices affect all the Earth.

You say you want to transform the Earth. Well then, first transform humanity. Look to the stages you have gone through and ask yourself if not the Earth is following the same. Can you not then affect the Earth with how you think and how you feel? And how you play the game of life?

Do you not think that the Earth suffers with you? Consider all the sentient beings around you. Do they not reflect the energy you emit?

If you love a tree, will it not grow? If you love a child, will it not love you?

Where is your sense of correspondence? As you think, so you are. As you feel, so you shall be. Where is your wonder? Your sense of the profound? Your sense of well being? Your sense of the Infinite? Is your heart hollow? Is there nothing there that you love? Is there nothing there that moves you?

What does it mean to be profoundly moved? Does your heart not beat with joy though there be tears of sorrow? In that movement, there is Love and Light – the Light that surrounds you always, the Light that is within you, the Light that is you and all you are meant to be.

Where is the love that you hold? Can you feel it in your belly? Can you feel it in your heart? Can you feel it in your whole being – mind, heart and soul? Where then are you going? Where then do you come from? What then is the essence of Being? Mind, heart and soul – there is the holy trinity that you celebrate and yet you do not know it is within you. It is not a fiction. That holy triangle dwells within you and leads you ever forward toward ascension.

Hasten to feel what I have told you. Hasten to rise to the Light within you. Hasten to speak the Word. All is Light. All is Love. And All is Well within you. Speak to the world. And the Earth shall rejoice with you, with all of humanity, as you transcend all limitations and begin to realize your true self.

Truly we love you. Truly you are magnificent and wholly free.  
Live in the Light! Believe in the light! You are the Light!

Bless you, my child, bless you.

*So be it.*
