

Hold Fast to the Key of Life

I am White Eagle.

In the cave of existence only one thing is true and that truth is in your heart of hearts. It is nowhere else. You may search high and low but it is that within you that speaks, that creates the glow of everlasting life.

You think you cannot see. You think you cannot feel. You think you cannot know. But in reality, in the real world, you can do all of these things. You can know truly who you are, what you are, and why you are. All that comes with the inner knowing.

Take your time to speak to me, to pour out all the agony of your earthly being. It is heart-rending to see the world as it is, but you can know *that is not all that is*. You can see beyond the grief, the grave, even the goodwill that is humanity.

There is so much else. You can't even begin to see, unless you look with your heart and open your soul to that which is beyond your ken.

That which is beyond you is above you, it is within you, it is all around you, but you can only see it with the eyes of your heart.

Don't allow yourself to slide into the slough of despond. There is so much more yet to be revealed to you. And yet, there it is — right inside of you, in your heart of hearts.

Look within! To the freedom that is within you. There are no chains. Your heart is free — free to escape the woes of cowering humanity! Free to move forward to a wider world — *unrestrained, wholesome, new, fresh, wild! All this is yours. Can you not see?*

Walk within yourself. Quietly. And take charge of the worlds within you, the worlds beyond you, all the worlds that open to you through your heart. Love yourself. Love everyone. Love all things. Love is the key to your heart and your heart is the key to worlds beyond your ken.

Enter in. I hand you the Key. It is golden with pure Light. Hold fast to the Key of Life.

It will lead you onward. It will open the door to eternal life, the life you know not, yet you shall, you shall know. The door shall be opened for you. You have the key. The key is there in your hand.

Be brave! Be courageous! Place that key in the lock and soar to worlds unknown and there you shall remember who you are, what you are and why you are. All at once! At the turn of the Key!

Ah, the majesty of it all! Come hither. Delay no longer. Peace awaits you in your heart of hearts. Go now. Softly. Love surrounds you and Love within you speaks. Delay no more!

Now is the time to rise. Therefore, arise, go in peace. I am with you, as always.

Bless you, dear child, bless you. I am with you.

Bless you.

I am White Eagle.

So be it. Aum. Amen.
