

## *Walk Through That Door*

*I am White Eagle.*

And in the Sun I can believe there is a true awakening, an awakening far beyond what I can imagine. There is silence in my heart, a weariness I cannot express, and yet, deep down I know the substratum of all things is Love.

Walk with me awhile. Notice how easily the Sun warms your heart. You must believe in the Sun – the True Sun, the Sun that is the Source of All Things – for there you shall reside in peace and comfort. And in loving animation you shall not fear to go forth. You shall not fear to be One with the All, for the All is One with You. All that you can imagine is there within you. Open your heart, open your mind, open your whole self to that glorious world of truth that lies within you and within one and all.

There is nothing I can beg nor sorrow that is not somehow filled with love. You must understand all that you are. All that you can become is there within you. No heart can shun you. No wealth can ignore you. No being can behold you – except with Love. You must see how clearly the Sun beholds your being, All in the One, One in the All. You must understand how deeply the vein of life flows on, well beyond worlds of your imagining. The seed of existence is within you. The whole story of life is within you.

All that you follow is yours. All that you lead is mine. And all within all is the One and All and we are All One. Can't you see the healing balm that spreads itself over the planet, that cuddles your heart and your thoughts with ancient wisdom and terrifying Love?

Do you not understand – who you truly are? Rise! Rise from that posture of unbelieving and believe now that all is before you, all is within you. The New Age is upon you and in that New Age, all shall be revealed. You shall smile and wonder and be of good heart and dwell among us and be among us in the embrace of Love and the gesture of kindness and the overall thrill of a loving hug.

You need not stay within these boundaries. Break through. Now is the time. All is before you. Open your eyes. See with your heart. Let your mind be fertile. Remove the rocks that block your view. Stumble no more, but rise up, see the truth, know the truth and be the truth for you are always the Truth. It is always within you.

Open your Heart, open your Mind, open your Soul. See through the keyhole – unlatch the door and walk through. For all is before you; nothing is denied you. Peace descends upon you. Love surrounds you. All hearts encompass you. All that you are is upon you.

Weep no more; speak no more of sorrow, of wandering in the dark. The Light is come, the Light is upon you, the Light will never forsake you, for it is as steady as the Sun. Whether you see it or not, it is always there – that Universal Sun, Universal Love, the Source of All Being, the Source of all Kindness, the Source of All Love.

Be not afraid. Move forward. Walk through that door. The key is in your hand. The latch is opened. Walk now through that door and keep that faith that has buoyed you from the very beginning. Let not your feet stumble nor your heart fear. Let your mind be supple. Let it SEE the possibilities! With an open heart, nothing is beyond your reach. Nothing is impossible. Everything is in your hands with an open heart.

Speak now of Joy. Speak of Wonder. Speak of Faith and of Love Everlasting, for this is You, this is Us, this is our whole being – Love Everlasting.

*Bless you, my child, bless you.*

*I am White Eagle.*

*So be it. Amen. Aum.*
