

# We are all ONE!

## ***We are all ONE!***

In the mists of time you have lost sight of who you are. Yet I assure you – ***we are all One.***

There is no distinction between us that will withstand the overall oneness of humanity. What you think is another world is thinly veiled from your sight. You cannot know how truly united we all are until you penetrate the thin line of illusion that seemingly separates us.

We are all One in every way. Your incarnation makes no difference for you will return again to us who are in spirit. You cannot know how easily we are all transformed into the Essence of Life – the Holy Light that shines through you and through me. ***We are all One – in the Light!***

We are all born of compassion and as such, we bear compassion into the Earth with our whole being. We are refreshed in the Light of Compassion! We resonate with the waves of Light that propel the entire universe.

Be aware of the power within you – of the potential to beam your Light for all to see and remember who they truly are. We are vast. We are oceanic. We are worlds upon worlds. ***We are all One!***

Whisper your truth to all you encounter and all who will hear. Let them see your beam of Light and follow on to their own lamp inside. Keep forever wise to all that is – to all the Light that is in you and in everyone. Be sure to promise the world to beam forth all that you are and all that you ever have been.

For now is the time of the Light. Now is the emergence of all that is hidden. Now is the Light come among you and within you to shine forth in all its glory. For YOU are the Light of the World. YOU are its salvation.

Remember who you are and all will be made known. Peace will come upon you and the Light will shine forth into the Eternity of your own souls. Be wise to all of this – Awaken in the Light – Awaken to the Light within you. Be at peace with your neighbor and with all within you. Recognize who you are and let your Light shine forevermore.

You are the Light of the World – come to bring it to fruition. You are its savior in your own right. Reclaim your power to move the world with your Light. Reclaim the God within you – the Christ Light that you celebrate now. The candle is within you – Light it NOW!

Do not delay. The Earth is in need of you. Your mastery is upon you. You are free to create the peace you so earnestly desire – for all people.

Walk with me awhile and see that all is good. We can open the door together to the larger life within us all for we are all One and in our Oneness we are all Free – free to create peace, to open compassion, to honor ourselves and each other, to recognize the Light within us that shines through the centuries, through the universe of well-being, through all that is and ever shall be.

***We are all ONE! We are ALL One. WE are all One.***

With reverence I salute you, dear one.

I am White Eagle.
