

The Eye of God is upon You

The Eye of God is upon you. At in fact the very heart of the cross – the crossroads where the spiritual and physical meet, where time disappears as you enter the Eye of God.

We are witnessing the turn of the spiral, entering into the infinite galaxies that lie beyond your small comprehension. Witness what is happening. See yourself pulled into the vortex of the Eye of God and there you shall find timelessness, a new energy, a wholly new conception of what it means to be alive.

You cannot know how deeply you will travel into the Eye of God. Only there will you find the reassurance that you seek, that all is truly well – for one and all. For we are All One.

Consider yourself an observer on a star, way away in some other far galaxy. What do you see? Billions of stars and each one holds a life of its own. And so it is with you.

You think you are the only life in this universe, but I tell you – enter the Eye of God and you will see beyond – to the real reality of a billion life forms, all there, moving in the Eye of God.

So it is one that has visited you that does not know where it is – so has created the chaos or shall we say added to the chaos on your planet. It does not know where it is and what it is doing. It does not realize the havoc it is wreaking and yet somehow it serves a higher purpose, a deeper purpose, deep in the Eye of God.

Now what does it do? It manifests compassion – compassion that conquers fear, compassion that transcends all earthly concerns. There, you see, is the Eye of God. It is upon you.

You have entered in to ride upon the spiral into new dimensions that you have not considered before. You are rising up on the wave of compassion that is sweeping across the planet.

New life awaits you. New dimensions. New possibilities. You are opening the door in the Eye of God. Whether you are swept along or rise of your own accord, this is your course – the course of humanity at this time, in this place.

Let there be no fixed sentiment of attachment to all you have known. For that which you have never known is before you and there you shall find the Peace that you seek, the Love for which you yearn, the Light that shines in all things. For we are All One. And in that Oneness you may rise to worlds you never dreamed of before.

You are on the verge. You are in the heart of the cross – the crossroad between life and death, between reality and delusion. The crossroads will take you to higher realms. There you shall see more clearly the face of God. Enter into the Eye of God with good will, with compassion, with faith. Trust. Know that we are All One and in that Oneness we all ascend into the higher dimensions, into greater worlds, into the purity of the Love and Light that makes us All One.

Heed my words. We are all together. We are all here. We are all watching you. We are all keeping the faith. Move forward. Have no fear. Move steadily into the Eye of God, the journey upon which you have embarked. The dimensions are opening for you. Have no fear. Walk uprightly and truly see the face of God. We are All One. We are all manifesting

this new reality.

Have faith. Step forward. Keep your eye on the Light, the Light that is within you, the Light that is the Eye of God.

Fear not, for we are with you from the beginning, for all time, for all eternity. Manifest compassion. Speak Love! Walk courageously. You are on your way. We are with you. We love you. We bless you.

We are the Council of the Eleven of the Great White Brotherhood.

Metatron and White Eagle are here.

Bless you, my child.

Bless you. Go forth. Bless you.

So be it. Amen.
