

Trust us! We know!

I am White Eagle.

We are all here, around you now. We are sorry those messages did not record. But you have internalized them. That is good. You will understand. It was about Trust.

Trust us! We are here for you no matter what is happening. You may be sorrowful, you may be sad, you may be grieving but all is not lost. *Trust us. We know.*

The chaos that seems so forbidding is necessary to create the new world you so desire. Longing for peace, for calm, for gentle restoration of a gentle life. All that is before you. *Trust us. We know.*

You are longing for the confusion to end and yet it will not end until humanity takes that big step forward. Humanity is not evil. All that which is good is before you. The good will overcome all these ills. Nothing can defeat the good.

Nothing can defeat Love and your yearning for Love, for compassion, is deep within you. Walk with compassion for all Beings and it will lead you to the path of peace, of well-being, all good.

Your path is a straight road ahead of you. Do not fear to walk upon it. We shall lead you upon the way and all Beings shall rejoice in finding the path to be true — true to the everlasting end.

Do not fear, do not fret, do not foment further turmoil within you. Reflect upon this and know that you are truly loved and in the comfort of that love, understand the wisdom you have sought is before you – it is within you! Look, look more deeply, more thoroughly, more quietly. Walk the path that is before you.

Open your third eye and welcome the Wisdom that is before you. Seek to grapple Understanding to your heart. Notice the Compassion within you rising, ever rising for one and all. You cannot fathom the wisdom of this message, yet it is deep within you. *Hold onto it. Cherish it. Become it — that all the world may be in Love with the One and All. For we are All One and the All is One within us.*

“Behold I make all things new.” And so it is with you. Manifest all that you are and all that you ever have been, for you are made of the Light of Truth and your Light shines before one and all, for we are All One and *in that Oneness, we are whole.*

Walk with us awhile. View the path before you and know it is yours to accept. All saints are with you, all Love surrounds you, all Light is within you. Be at peace, dear ones. We are here for you. All will be well, now and forever.

So be it.

Metatron and White Eagle

Bless you, my child, bless you. So be it.
