

## *The Widening of the Way*

*I am White Eagle.*

All the chaos you see before you is a widening of the Way—the Way to the Ultimate Truth.

You cannot understand why all this is happening. There are sounds that you have not heard before—sounds of wailing of all of humanity, not just a few.

When will it come to an end? When all is settled and the Way is fully open and all humanity steps into the next dimension. That's when it will end. Until then, the turmoil continues, for it is a wrestling with your own consciousness to let it arise without holding it back, without hanging on to the old dimensions. Letting go so you can sail freely like the kite into the next world. The freedom of humanity rests upon this.

You say there is no peace. There is no love; there is no laughter! Lift yourself up—above the fray of human weakness and seize the branch that is before you that will fling you up to a higher space, to the land of pure consciousness, to the heart of compassion, to the root of all truth and well-being. Let go!

Step into all that is before you! For it is pure and holy and good. There shall be no wars. The bestiality of man shall be shed, transformed into the new You. All the possibilities are there, all are before you. You need only STEP into the next dimension. Leave your preconceptions behind and see the world for once as it truly is. The beauty of it all. The sympathy of all mankind. The huge bowl of love that encompasses the world.

Speak highly of this. Speak well of this. Go forward with faith in the possibilities of humanity and the hugeness of your heart of hearts and the circumference of all your love, the fullness of your capacity to grow and learn and BE all that you were meant to be. You were born into this world to follow a certain path—the path you have indeed followed with all your heart.

Now Sing for all the Joy of it, for all the Wonder that lies before you, for all the Laughter and Joy that Lights your world.

Sing unto the Earth a new song and it will sing back to you. Embrace the world and it will embrace you. For all is risen in the love of the human heart and as that heart expands, so does the Way open into the world beyond the world, dimension beyond dimensions, beauty untold. Love that dazzles the world. Joy that brings all together. For we are All One and in that Oneness we will rise together into new layers of existence, new dimensions of possibility, new fields—golden fields of Love and Rapture and Joy!

See the path open before you. Dare to step in. Dare to move forward. Dare to be all that you are and all that you ever have been. Now is the time! Dare to BE! Dare to be Free!

We are ALL One.

Open to the world before you. You know the path to follow. Seek it and it is yours forever.

Bless you, my child, bless you.
