

## *The Healing Balm of the World*

In the healing balm of the world, all Life belongs to me. There is no Truth as spacious as this. I encompass All.

The blade of grass beneath your feet does not move without my desire, without fulfilling its promise to me. All things are ordered by me. All holiness begins with me. All seeming rapture is in the palm of my hand.

I am the Maker of All Things. I am the Creator, the Divinity that lives within you.

I am the Healing Womb of life itself and that womb is within you, within All.

Healing speaks for all of us, for every one who has ever mourned, who has ever lost a friend, who has ever cared deeply about another living, sentient being.

The Divinity is within you to know the truth, to know that nothing dies, that all is transformed way beyond your imagining.

Speak wholly of this, for that is the Light that sent you here, that is the Light that commands all Life, that is the Light that You Are! The Light within *Every One*. The Light that is above all, in all, through all. *The Light that is All*.

We are creators, one and all. The signs that I give you are blessed in your imaginings for there you see beyond the symbol into the reality of all that you are and ever will be.

Take note of all the Love that surrounds you, the Creative Spark that inspires you, the Wisdom that enlightens you, the Purity that makes you whole.

Remember who you are. Remember the Source of all things, the Love within that kindles the Light in you.

Remember who you are. The past is now forgotten. You are enriched by the Love that surrounds you, the Light within you that will never die. Speak wholly of this for this is the truth within you—*the Be All and the End All*—all that you are, all that you ever will be—the Majesty of Being, the Light of Understanding, the Love of Wisdom, the Healing of All the Love within you.

Divinity is yours. Bring it now to Light. And Peace will enter your soul and you shall be free to be all that you are and all that you ever have been and all that you ever will be.

Take heart! It is my heart, I give you.

May peace and peace and peace be with you—always.  
So be it. Amen. Aum.

*I am Raphael. Peace be unto you.*
