

Do Not Fear to Take on Life!

I am White Eagle.

Do not despair! Death is not what you think it is.

There is no reason to be afraid. Death comes to one and all but instead of thinking of it as death, think of it as Life Everlasting. For you have not come to be here in this manifestation forever. You are here for a time, to fulfill a purpose. Keep your mind clear about your purpose. You want to fulfill your contracts. And so it is! So you shall!

But what of the end of it? What happens when you have come to the end — all that you have proposed to do and all that you have done? Do you simply fade away? Is there no Light to light the way?

Each footstep is golden along the path that has been proposed for you and you have traveled that path with Feet of Light and with a Heart of Gold. Each step along the way has brought you joy amid the tears, amid the regrets, amid the sorrows. Yet ultimately, there is JOY!

It is JOY that rings out in the heavens when you have completed your life task. Did you think you do not hear that joy, you do not hear that chorus of love, laughter and celebration? Of course you do! You are right in the center of it! You join in the laughter, the love, the joy — the Laughing, Loving Light — and remember truly who you are and what you were about in that earthly existence. And then you will know — know the truth of who you are.

There is no greater joy than the discovery of the Spirit within you.

Death is a manifestation of JOY! It is the ultimate reunion, the ultimate moment of wholeness, of completeness, of fulfillment — of knowing who you are, what you have been and what you will always be. Do not fear death. It is but a welcoming home to all that you have known before — before coming into this life.

There is no greater welcome than this. No holier celebration. No finer reward for taking on the task the Ancients have assigned to you. Of course you have stumbled along the way but you have triumphed each time your foot has gone astray. How can this be, you think? There is more to heaven and earth than is dreamt of in your philosophy (Horatio!) Much more than you ever dreamed.

Don't you see? Earthly life is an interval, a space apart. But at the same time integral with all that you are and all that you have been and all that you will ever be.

Do not fear to take on LIFE, for it is rich with possibility, rich with imagination, with joyous reward. Take on LIFE and do not fear Death! For I tell you there is no death but the passing into a new form, a new age, a new life. A reunification with your higher selves. With all that you are and all that you ever have been. A celebration, a joyous celebration!

So think happily on this, your life! Be glad for it. Make of it what you will. And know that at the right time in the right way, all will be made clear to you. All will be revealed. All that

you are and all that you ever have been will come into focus and you will laugh and you will smile and you will rejoice in your heart of hearts, knowing the truth, the full truth, all the Truth.

Be wise, beloved ones! Be joyous! Be hopeful! Be forthright! Move forward in all that you are doing. Do not weep. Do not be sad, for all who have gone before are with you, even now! They are here for you and strangely enough as it may seem, you are here for them!

Make the world happy! Bring it into joyous acknowledgment of who you truly are. Bring the magnificence of all that you are into the hearts of one and all. Be a light unto the world.

Lift your torch ever higher. Wave the flag of beautiful things, of beauty beyond your comprehension. Light the way for all to follow. For you have nothing to lose, but all is yours to gain. All is yours in Love, all is yours in Joy, all of yours is in Peace — Everlasting Life! There is nothing that can extinguish who you are. All peace is upon you. All joy is within you. All love surrounds you.

Be at peace. Fear not what is to come, but rejoice in that reunification of spirit that awaits one and all.

With gratitude for all that you have done for this planet, for your loving, caring hearts, for the stream of consciousness you have awakened in this dimension — welcome you are! Welcome indeed. Welcome! We rejoice in YOU and hold you close in the palm of our hands. Therefore, be well, be happy, be secure, be free, be Love and the Light that you are. *For we are All One and in that Oneness we are All Light and we are All Love. We are All One.*

So be it, dear friends. We love you, dear ones. Be at peace.

Amen, Aum, So be it.

Bless you, my dear. Bless you, my child, bless you.

So be it.

I am White Eagle.
