

Open a Passage to Peace

I am White Eagle.

Open up a Passage to Peace. Open the door to Peace. There is a Passage that one may follow.

I see thousands of people passing through this Passage on their way to Peace. They are joined by thousands more.

Open up a Passage to Peace. They are on their way. Greater than any army.

There is a march of women and children on a Passage to Peace. They walk along the border between the two sides. Truly, here is Peace. Here is the way to Peace.

Open the Passage, open it up, open it wide. Let every woman and child march and demand Peace. Let all men stop their wars. Thousands are on this Passage. They are passing by in the millions demanding Peace. Peace, at last! Peace that will never end.

Let there be Peace.

Open the Passage to Peace. Open it wide with all your heart, with all your mind, with all your soul. Open this Passage of Peace. It lies before you. Thousands are on the march. Millions are joining those who march. Let there be Peace. No more war. Open the Passage to Peace.

Open the Passage to Peace. And let there be Peace forevermore.

Open the Passage to Peace. Let the women march. Open the Passage to Peace.

Let it be.

Bless you, my child, bless you.

I am White Eagle.

Peace!
