

Walk softly upon the surface of the Earth

I am White Eagle.

We do not live to serve ourselves. We serve at the pleasure of God. Therefore all acts must be in accordance with God's will. Nothing can be outside God's will for it is God's pleasure to grant us free will. But that free will ultimately leads to God's own pleasure.

Therefore, walk softly upon the surface of the Earth. Tread lightly through the pine needles and understand that all your devotion belongs solely to God. Whatever the Earth may do, however it may evolve, it is all in accordance with God's will for nothing can be outside of that.

Ultimately, we are all free — free within the loving arms of God, wholly embraced, wholly active according to the First Principle which is Love. You can take no steps outside of this dominion which is God's alone. All things belong to God.

When all is said and done, we are free only because God wills it, yet within that Will Divine, we are fully encompassed and embraced in a circle of light and love that will endure forever.

There is no amount of effort that will bring you home to this loving Light as you are already there, dwelling within the Light and Love of God. Whether you know it or not, whether you are aware of it or not, whether you see it or not, such is the true reality in which we live and have our Being. Do not shy away from this truth for it lies in the heart of our Being, written on the *tabula rasa* of our hearts.

We cannot know our end fully. Only God knows. Yet God's loving energy embraces all — all that we are and all that is and all that ever will be — and in this reassurance we have our Being safe and secure within the knowledge of that love.

No fear can penetrate it, no violence can usurp it — it is invisible — and yet — omnipresent in all our lives. There is nowhere you can go without it surrounding and penetrating every last particle of Being.

Do not contemplate the fragility of your nature, but instead meditate with your whole Being until you are one with this beautiful light and love of God that streams forth from the heavens and into every atom and cell of your Being.

Rejoice! for you are whole within the love of God. Nothing exceeds the Love of God. All is enfolded in it. All is whole, complete, perfect, at peace within the Love of God. Stay – be at peace – in God's loving light.

It is peace like no other — full and complete, pure and holy, wondrous and beautiful, wholly fulfilling — the Divine Love of God.

Let peace and peace and peace be everywhere. So it is with you.

So be it. Bless you, my child. Bless you.
